## 2. CONTEXT

---

ASIA operates for the preservation of the identity and the historical and cultural heritage of the peoples of the Himalayan area, with particular attention to the people of Himalayan Region, and promotes processes of economic, social and health development centered on the local peoples with their own human, cultural and environmental resources.

ASIA works also in Myanmar, Nepal, and India. For further information: <http://asia-ngo.org/en/>

ASIA established a local office in Mongolia in December 2016 and obtained the registration in the Country in 2017. Being the local office without expatriate staff for 2 years, the selected person will be in charge to reopen and reinforce ASIA office.

To date, ASIA staff in Mongolia is composed by:

- 1 Administrative Officer (part time)

To hire:

- 1 Project Manager Junior,
- 1 translator/interpreter,

- 1 logistician,
- 1 Technical Assistant

Name of main project to implement:

"From the village to the world – Filling the gap on media literacy in Mongolian rural area"

The project plans an intervention in the province of Sukhbaatar, in the east of Mongolia, an area where ASIA has been working since 2016. In particular, the activities will be carried out in 4 soums: Uulbayan, Asgat, Khalzan, Dariganga.

The general objective of the project is to promote the development of the inhabited centres of the remote areas of the Province of Sukhbaatar and to reduce migration towards the capital. This objective will be achieved through the specific objective of improving IT skills and internet access for teachers and students in 13 districts of Sukhbaatar province in Mongolia.

The promotion of education is one of the priority areas of intervention for ASIA, which it believes should be implemented through activities that strengthen local skills in the face of current challenges, while respecting local cultural integrity. Furthermore, the proposed project is part of a broader ASIA strategy to support the resilience of the most vulnerable communities, also with the aim of increasing employment opportunities and decreasing migration to the capital, and it also fits well in the vision of the EU where media literacy is an essential contribution to the cultural development and progress of a democratic society.
